August 2015

New Globe

"SIMPLIFYING  
LOGISTICS"

## New Globe receives compliments for great service

In the monsoon season from June -September usually due to heavy rains most vessels/flights & cargos are delayed. This puts Newglobe & its team to the test to make advance planning & execution to achieve delivery on time.

One of our largest clients -Lucy switch gear Dubai had a lot of 40 containers to move from JNPT -Dubai of critical parts in a tight time frame.

Despite of heavy rains in last few weeks, shipments were planned such a way that they were delivered on time which resulted in below compliment :

**23<sup>rd</sup> June 2015**

**"Thanks & appreciating New Globe Team for taking due care of this important shipment under trying conditions." -  
Jikku John -Logistics manager -LUCY SWITCHGEAR DUBAI**

This positive appreciation for our work is our reward .

A big thanks to New Globe Team.
